

PRINTER'S DEVIL

Stona Fitch

Praise for Stona Fitch's previous novel, Senseless:

'Startling in conception and disturbing in what it says about our times.' **JM Coetzee**

'A chilling psychological thriller and a brilliant political fable for our time ... should be situated on the literary map between DeLillo and Coetzee.' **Russell Banks**

'The most disturbing story I've read in years, cunningly subversive.' **Gloria Emerson**

'The book ... has us writhing, but that is its genius ... We are left with a riveting and exhausting novel, one that hits a number of extremes – delights full of horror, with numerous civilized touches to assuage the wounds they make.' **The Bloomsbury Review**

THE BOOK

Two warring printers' guilds struggle to survive in a world where natural disaster has become commonplace. Caught up in a risky raid on rival printer Sevenheads' bank, the Printer's Devil and the Patchwork Girl struggle to escape the city as the black wind starts to blow ...

Picking up where *Clockwork Orange* and *On The Beach* left off, *Printer's Devil* deals with the fate of the remnants of humanity in an extreme post-apocalyptic landscape. A fable in the spirit of Coetzee's *Waiting for the Barbarians*, *Printer's Devil* is a meditation on power and its abuses – one that echoes with disturbing parallels to the present.

THE AUTHOR

Of Scottish-Cherokee ancestry, Stona Fitch lives in Concord, Massachusetts with his family. His novels have been published in the U.K., France, Germany, and the U.S. His last novel, *Senseless* (Two Ravens Press, 2008) is now an independent feature film from Scottish director Simon Hynd and Matador Pictures.
